Dedicated To Her Students

What do we live for if it is not to make life less difficult for each other.—George Eliot

Each year the dedication of the EAGLE is reserved to honor someone who has given many contributions to the students of Sullivan High School. Through her fourteen years of teaching, work on the school paper, and overall help to the students, we feel that Mrs. Bohnenkamp is deserving of this dedication.

With her family, informal teaching and the stories of her personal experiences she transforms the classroom into an enjoyable listening period.

Through the years she has collected many sayings containing words of wisdom and laughter, which she passes on to us. Many a student has stopped and peeked in her classroom door to read the quotation for the day.

Through this dedication we want to let her know she will never be forgotten. We take this opportunity to express our thanks.

To live is the rarest thing in the world. Most people exist— that is all.—Unknown

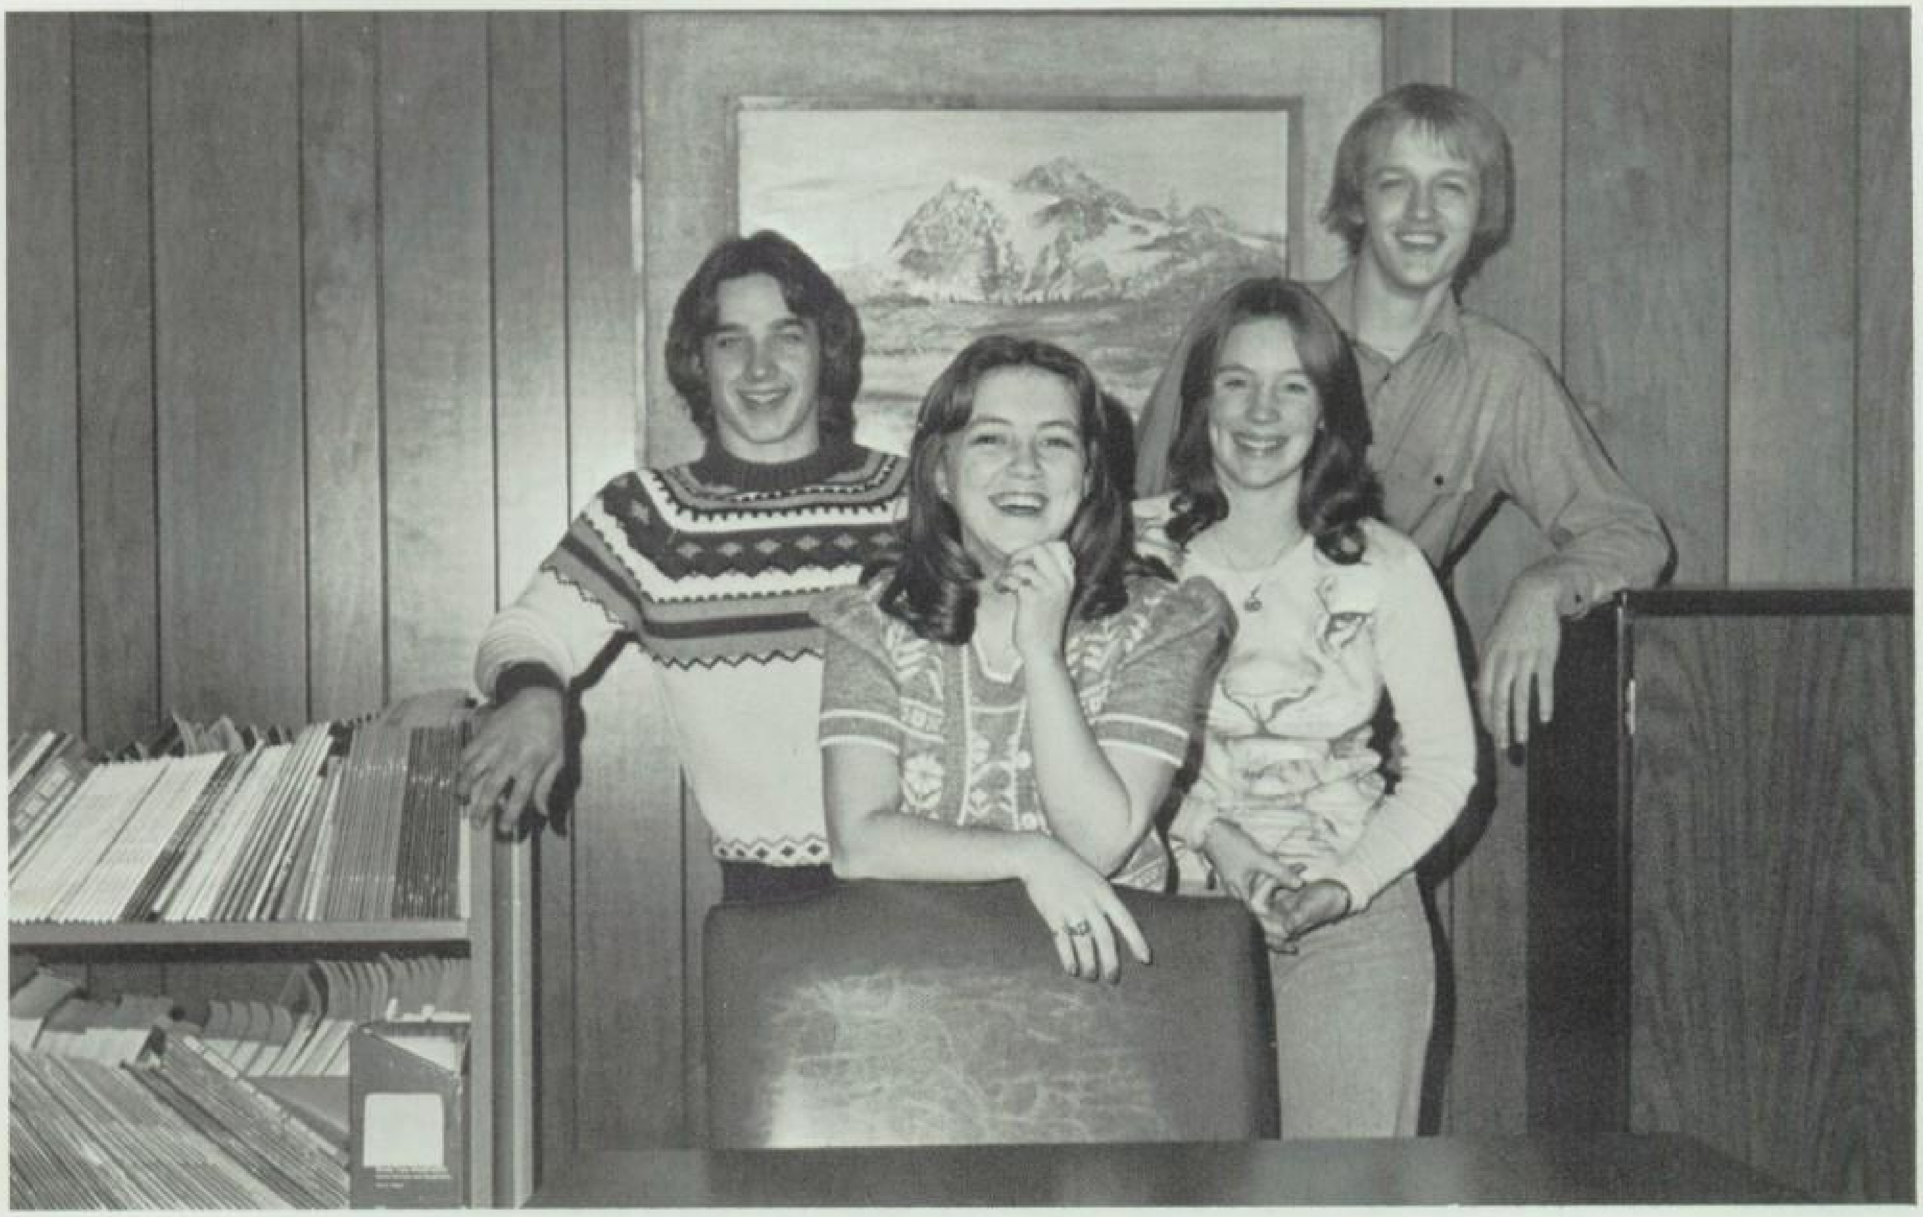
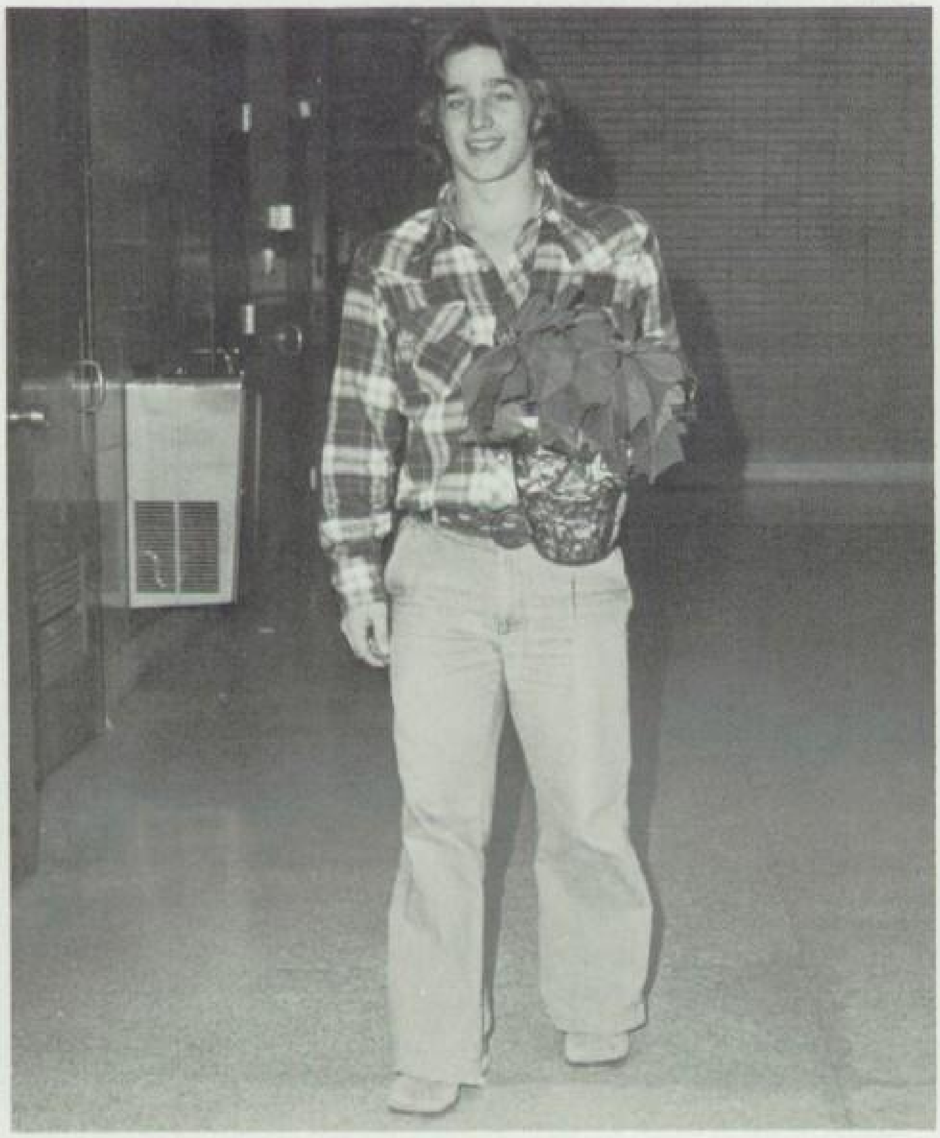
STUDENT COUNCIL INITIATES CHANGES



Craig Grant-President, Paula Stricklin-Vice President, Tammy Tice-Secretary, Marty Tiefenbrunn-Treasurer.



Student Council said it with flowers.

As we look back on this past year, we can see it was a year of accomplishment. It was a rewarding year with many changes taking place throughout the entire school.

The Student Council also made many changes and worked very hard during the year. It not only worked sponsoring social and service activities but worked on making changes within the student body itself. The election of our representatives was changed this year along with our constitution.

The Student Council sponsored many things. Some of the sponsored activities included the Icebreaker Dance, the spirited Homecoming activities, assembly programs, the Spirit Shop, and the soda machines.

I would like to express my thanks especially to Miss Jacobs, Mrs. Holdinghaus, and Mr. Kinder, our Student Council sponsors.

I would also like to thank Paula Stricklin, Marty Tiefenbrunn, and Tammy Tice, my officers, who put in much time and effort in planning and working on activities.

Most of all, I would like to thank those of you in the Student Body who made all of our accomplishments possible and for giving me the opportunity of being your president.

Serving as Student Body President has been a truly rewarding experience that I shall never forget. I hope the future student body officers of SHS have the same rewards and experiences I have had throughout the year, and I wish ALL OF YOU the best of luck in the years to come.

FOOTBALL HOMECOMING

The Football Homecoming Week was full of excitement. The cheerleaders put forth a lot of effort to rouse the spirit of the student body.

Every day of the week they had something different to keep the student spirit alive. They sponsored "Chew-em-up Day," "Top'em Eagles Day," "50's Day," "Roll 'em-over Day," and the traditional "Black and Gold Day."

Student Council also got into the picture with the biggest Homecoming Parade ever to hit the streets of Sullivan.

The week ended with a 40-6 victory over the St. Clair Bulldogs and the excitement of Laura James being crowned Homecoming Queen of 1976.

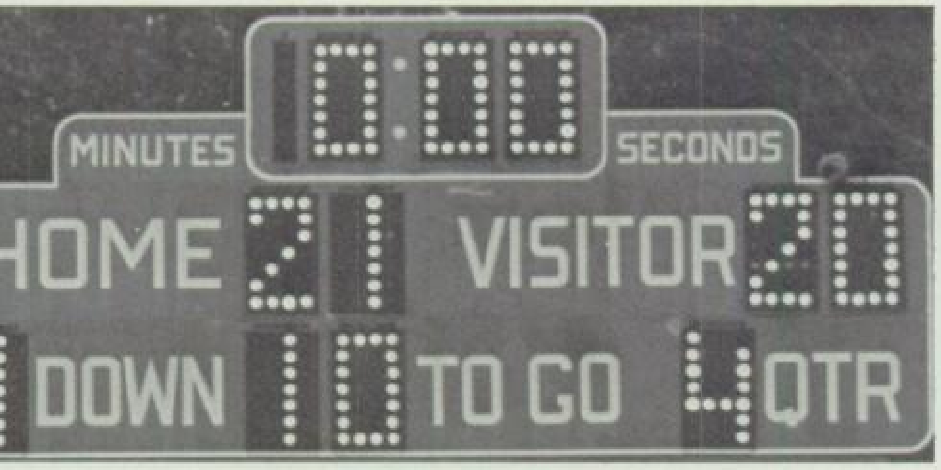
Sanchez kicks 3 for 3 in the semi-final game.



It speaks for itself.

This year the Sullivan Eagles Varsity Football Team did something no other Sullivan Team has ever done—they placed second in state in Class 3A competition. At the beginning of the season, no one thought that it would be possible, but the team showed that they could do it. They had the potential, they had the town and school support, they had the coaching staff, and most of all they had the desire to win. So this year's football team will go down in the history books of Sullivan, and it will be a long time before anyone forgets that little team that achieved the high hopes.
